

Mark Williams & Carolyn Chan

### The Fund

The Fund aims to have both a prospective yield at least 1.1 times that of the Asia Pacific ex-Japan markets and to deliver long-term capital appreciation. Mark Williams and Carolyn Chan aim to achieve this through a four-stage investment process – identifying the key drivers for Asia Pacific (ex-Japan) equities, incorporating these into a framework to determine the likely beneficiaries and losers of these drivers, fundamental stock analysis to identify individual companies and portfolio construction. For full investment objective and policy details please refer to the Prospectus.
