## Our experienced fund management team

David Roberts, Phil Milburn and Donald Phillips, who all joined Liontrust in early 2018, have more than 60 years of joint investment experience. Before joining Liontrust, David and Phil worked together at Kames Capital for 14 years, where David was Head of the Fixed income team and Phil was Head of Investment Strategy. They launched one of the first strategic bond funds in 2003 and have been investing in high yield on a global basis since 2003. Donald was previously an investment manager in the Credit team at Baillie Gifford and worked with David and Phil at Kames Capital for three years from 2005 to 2008. He was co-manager of the Baillie Gifford High Yield Bond Fund from June 2010 to 2017 and the US High yield strategy.

**Key risks:** The value of fixed income securities will fall if the issuer is unable to repay its debt or has its credit rating reduced. Generally, the higher the perceived credit risk of the issuer, the higher the rate of interest. The Fund may invest in emerging markets/soft currencies and in financial derivative instruments, both of which may have the effect of increasing volatility.
