Key risks: Past performance is not a guide to future performance. Investment in the Fund carries the risk of potential total loss of capital. Investment decisions should not be based on short-term performance. Investment in the Fund involves foreign currencies and may be subject to fluctuations in value due to movements in exchange rates.

*Historic yield: reflects distributions declared over the past 12 months as a percentage of the mid-market unit price. It does not include any preliminary charge and investors may be subject to tax on their distributions. **The fraction of a fund (or master fund) invested differently to its benchmark. A 100% active share is a fund (or master fund) with no holdings in the benchmark, a 0% active share is a fund (or master fund) identical to the benchmark.
